Your letter is just to hand. You wanted to know how far I have prepared myself for the ensuing Annual examination. Our annual examination will begin from the 27 November, 2009. You will be glad to ~~learn~~^{know} that I have made a fair progress in all the subjects. You know I am weak in physics. But under the guidance of a private teacher, I have made better progress in it. I hope I shall get full marks in this subject. I am still working hard. I expect to come out successfully having A⁺ grade. Pray to Allah for my success.

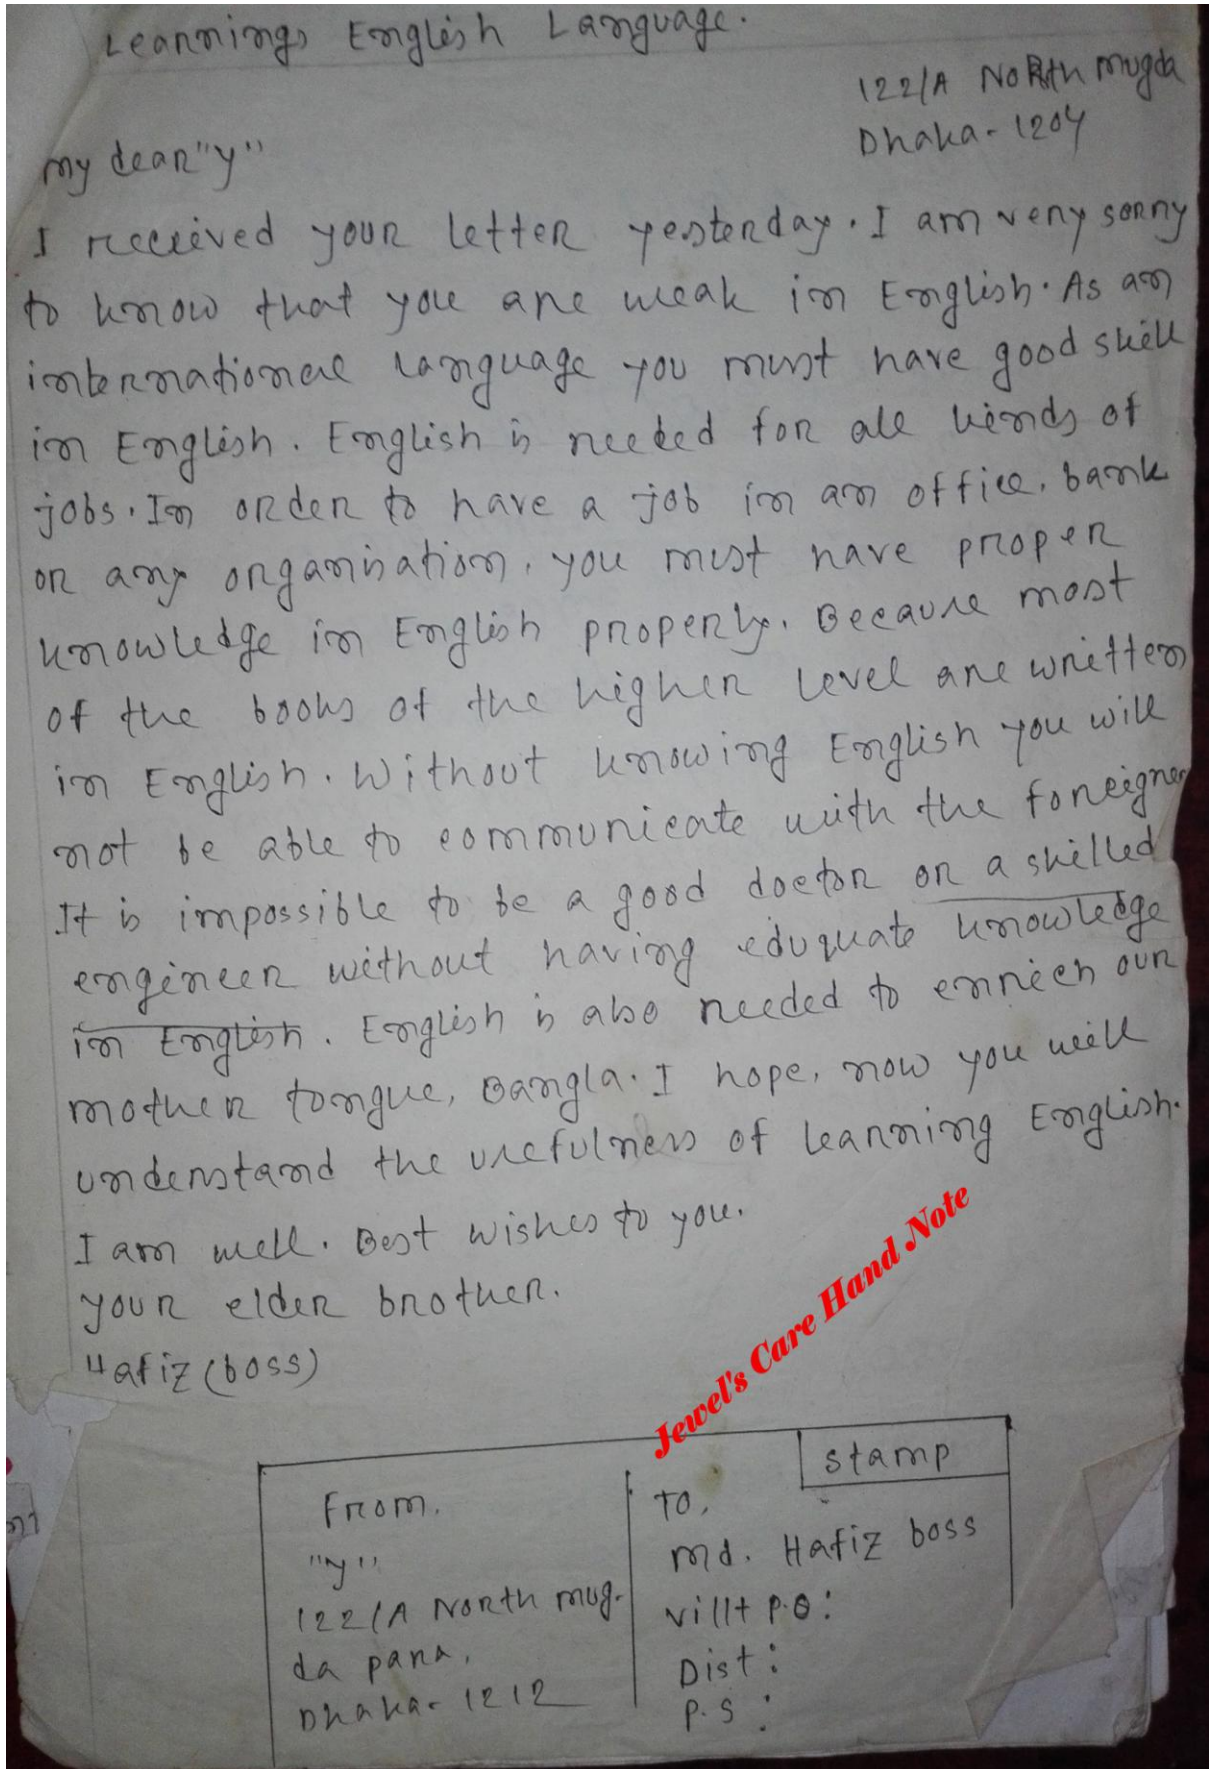

I am well. With best love.

Your loving son,

Jewel.
