(***) caused by humans is a concerning issue in the third world countries like bangladesh. It is a penilous thing for our life. We cannot lead a normal life for this problem. Almost everyone we find and hear the news and views about it on the newspaper, internet, radio and TV. Everybody knows that it is a big and serious issue. The causes of (***) is the negligence of some important people. Government should tackle the problem shortly to biuld up a better nation and a better future for its citizens and also to build up a better world for living. In the developed countries, this kind of issue is very nare. But In the developing countries like Bangladesh , the effect of this problem is acute and we are not aware of talking appropriate measures to remove it from our country. The lead impacts of it is untold. We should relize that it spoils and destnoys the peace and happiness of our life and ruins the standerd of our livings, Governments cannot solve the problem alone . People should help the government to address this serious problem. This drakness of our country should be wiped out as soon as possibele to lead our nation in a right way as well as to achive our goods of vision 2021.

Magic Paragraph No. 2

কোন Invention এর Good side & bad side.

In the last two decades, the world has exparoenced a big breakthrough. (****) is one of the most wonderful achievments of modern science of this epoch. In the present era (****) is playing increasingly crucial contrileution in our lives. But in the meantime whether it is ablessing or a curse has sparked much debate. Some people argue that the (***) has fundamentally benefacial instuence. On Our lives while many others contend that it has derimental effects as well.

(****) not only plays a pivital role in the development of economy, but also promotes the exchange of cultures between defferebts countryyies. To start with , it is the (***) that helped many corporate to become an iternational groups, thereley making contnitation to local economy and employment .

Moreover, people worldwide can know each other better through (****) . It is easy see that a more and more Hollywood blockbuster shows the cutlures on (***) different from American , some recent example are kungfu panda and Mummy.

People are growing remarkably dependent on those mordern itilites, which make them handicapped when it comes to paring a cup of tea. In addition , psychologists suggest that one of the main reasons for suicidal rate increase in recent electric inventions. This is due that humans by nature stay emotionally healthy through socializing , but due to the importance of modern technology to maintain a financially satisfying standerd of life they gradually isolate themeselves. As time passes , each of these indiwduals are getting stuck in a virous circle of loneliness that eventually leads to suicidal attempts especially among yougers .

In conclusion, similar to every other invetion, (***) has its benifits and drawlecks . I personally think it att depends upon how we use the given tools. Modertion is the key here to keep the balance and allow us to live in harmony.

Word-meaning:

Moderation = মধ্যপন্থা blockbuster = দুষ্ট
 suicidal = আনঘাতী sparked = সৃষ্টি করা।
